

I am pleased to inform you that your application for internship at Skynox has been shortlisted. For the next round you have to complete a task. Please find an attached assignment as part of our interview process.

You have to make the above web page using HTML and CSS. Your code will be evaluated on the following parameters.

1. Similarity: How similar your design is to the original design. This will include typography and colours.
2. Responsiveness: Your webpage should be responsive for both desktop and mobile screen sizes.
3. Code quality: The structure of the code and size of the files(lower the better).

You need to share a link to the repository once it is done. The sooner you submit the better it is, Deadline is next two days from today.

Please do not hesitate to get in touch if you have any questions at monikaroy@skynox.tech

Thanks and regards.
